As the last moments of our lives at Belmont High School fleetingly pass, we will hold tight to the memories. No one ever dreamed these years would pass so quickly. We are leaving a time in our lives which we can never recapture but one which is never to be forgotten. It is impossible for anyone to calculate the immense changes in the Class of 1977 during four years.

Anyone would have difficulty determining an area of our lives untouched by the experience of high school. The first and foremost change is we have increased our knowledge through our education at Belmont High School. We have matured a great deal in every way but especially in our behavior and in matters of taste. Our sense of judgment has grown to a capacity where we can no longer be referred to as children. This new sense of judgment is accompanied by entirely different attitudes towards life. We have incorporated new ideas into our value systems.

The one change which encompasses all is a newly-developed sense of awareness. Through all that has happened to us, we are now tremendously more aware of ourselves and one another. We have learned to utilize our senses to derive more from all areas of life. Very simply, this sense of awareness has made us more intelligent human beings. The people we have come to be during these years are the foundations of the people we will be for the rest of our lives.

After all our learning there are still many questions which are answerable only in time. If we could determine our futures, life would not be the same. We are forced to wait and wonder. But everything will become less mysterious and more secure if, instead of waiting, we use every resource possible to work for a world of reason and understanding. If this is possible, our futures will, inevitably, be bright.

Advisor

"77ers"

I would like to express my gratitude to your class officers for the excellent job they have done for the past two years. However, most of their efforts would have been useless if it had not been for the rest of the hard-working class members who have helped on so many events and projects. This includes the prom, the yearbook, the play, and Senior Week as well as our fund raising events. It is these two groups of people that are responsible for our success as the Class of 1977.

As I reflect back on my two years with you people, I must say I have never been associated with a finer group of young adults. I have thoroughly enjoyed being your advisor and I hope that in the future you can look back at your four years at BHS with fond memories.

I know the class of 1977 has many memories that I will be able to look back on in old age and feel proud and warm inside. How can I ever forget: Coop's campaign Speech . . . Senior Week . . . Torch Haverty . . . Casino Night . . . Candy Canes . . . Senior Hall . . . Expedition Ice Cube.

Best of Luck in the future to one and all until we convene again.

Marauders Blank Waltham, 2 to 0; Needham Is Next

by JOHN HANNON, BHS Soccer Correspondent

Belmont High School's defending Varsity Soccer Champions were slated to meet Waltham High this afternoon (Thursday) at Nickerson Field to determine which of the two teams will advance to the championship final Saturday evening.

Field or Franklin, the other semi-finalists, Belmont-Needham clash is a repeat of the Marauders' 6-3 on penalties won by the Marauders last Saturday. Less overtime periods failed to decide the game, which was another thriller between the two teams.

Belmont advanced to the semi-finals by winning last Wednesday's quarter-finals in the quarter-finals.

Fantastic is the only word that describes the performance of the Marauders thus far of the season. The defending Eastern Mass. champions repeat their victories of last year. Their second round win over Waltham was the result of a last week's defense and offense. The Marauders' best game of the season was their 2-0 victory over Waltham in the quarter-finals.

The Marauders will face Needham in a semi-final game of the Eastern Mass. Soccer Championship tournament today beginning at 4 p.m. at Boston University's Nickerson field.

The Belmont squad has downed Lincoln-Sudbury 2-1 and Waltham 2-0. (See story for details.)

The Belmont-Needham game will be followed by another semi-final between Wakefield and Franklin.

Marauders Win Opener 2-1; Play At BU Saturday

Four more teams will be added to the list of remaining schools when the tournament begins.

Dunn robs Needham

BY RICH BEVILACQUA Staff Writer

Needham had a higher seed last year, but Belmont is ranked above the Rockets this time.

The key players to watch are Scott Brayton (mid-field), Mark Lueders and Gary Newcomb — a four-man attack which accounted for more than 50 goals. Belmont boasts talent and experience down the middle with veteran John Harris, Paul McCue and John Wynot. Forwards Jim Burns and Jeff Ellowitz.

Also advancing to tomorrow's round was Franklin, which Wakefield, 3-1, and snapped Waltham's 14-game winning streak. Needham, with skillful play, Scott Brayton controlling play and Dave Mains teeing off, scored the winning goal, outshot the Marauders 1-0 in the first half and 1-1 in the second half.

But Dunn, who played the best game of his career, only once when Lueders' shoulder-high shot through hands from 18 yards out.

Belmont tied the score through the third period. Jim Burns. Needham goal came way out to cut do

Coach Quotes

Mr. Arangio
Football

"Athletics is a means of education through competitive activities and should be an integral part of the complex educational system. It is a vehicle providing a competitive environment for the gifted and non-gifted athlete. The maximum development of both mind and body should be attained in accordance with each individual's abilities."

Mr. Baker
Freshman Soccer and Hockey
"The will to win will win"

Mr. Bartley
Boys' Track
"Participation, Hard Work, and Dedication, and you'll be number one."

Miss Bentz
Girls' Swimming
"Just go out there and try your best. No one can ask more from an individual."

Mr. Coleman
Sophomore Football
"Sports should be fun for all the individuals involved. They should always be kept in perspective and complement a student's academic and physical growth."

Mr. Flaherty
Boys' Tennis and Cross Country
"Remember that these are both team and individual sports. The talents and skills you develop now, you'll be able to use for the rest of your life."

Mr. Giangregorio
Freshman Football
"Every boy in some way is tough and he will fight for something. To play football in this day takes courage, due to the fact of everything there is to give up in order to play football. Remember: Pride, Determination, Desire."

Mr. Goldman
Freshman Track
"Run for fun."

Mrs. Greehan
Girls' Tennis
"My philosophy as a coach has been to encourage each member of the team to reach her full potential as a tennis player. I feel the real meaning of high school athletics is the personal experience of the participants and what it does for them in their educational development."

Mr. Kelliher
Baseball
"Athletics is more than just wins and losses. It teaches a young man to accept responsibility and to mature in his own way."

Mr. Mahoney
Soccer
"If you can't do the job in the classroom, you won't do the job on the field. Academics come first, soccer is second and everyone involved will have fun in the end."

Mr. McMullen
J.V. Soccer

"Athletics are overrated; academics are more important. But the person who has successfully integrated the two has earned a real letter in life."

Mr. Miller
Athletics Director
"Thinking — If you think you are beaten, you are; If you think you dare not, you don't; if you'd like to win, but you think you can't it's almost a cinch you won't. If you think you'll lose, you're lost. For out of the world we find Success begins with a fellow's will — It's all in the state of mind. If you think you are outclassed, you are; You've got to think high to rise, You've got to be sure of yourself before You can ever win a prize. Life's battles don't always go To the stronger or faster man, But sooner or later the man who wins, Is the man who thinks he can."

Mr. Nihan
Wrestling
"Winning isn't everything, but making the effort to win is!"

Miss Nostrand
Softball
"Athletics in high school are tremendously important. Learning to deal with competition, win or lose, as a spectator or as the athlete, is hopefully one accomplishment achieved through athletics."

Mr. Pyatt
Boys' Swimming
"Each athlete should have an equal opportunity to participate in athletics. He should be able to set and attain his own goals. And finally, everyone should be oriented with the team aspect of athletics."

Mr. Schlesinger
Girls' Freshman Basketball
"Girls' sports are the most exciting form of sports. It may not be as skillful or as fluid as that of boys; but the competition and enthusiasm is greater and keener than that exhibited by the boys."

Mr. Viglirolo
Hockey
"Without discipline in athletics it is impossible to instill a positive attitude or to insure respect from the players."

Mr. Wenner
Girls' Track
"Anyone choosing to go out for a sport should be given the opportunity. When he graduates he will have learned self-discipline, a desire and knowledge of how to keep physically fit throughout his lifetime and be able to look back on his team experiences with pleasure."

Mr. White
Football
"Part of my philosophy has been influenced by what former U.S. Senator Eugene McCarthy once said, 'Sports and Politics are very similar; we are often smart enough to understand them both, but dumb enough to think they are the most important things in our lives.'"

In appreciation to Mr. John Corrigan for 33 years of dedication to Belmont High School students.

Duncan J. Lyons
Dec. 16, 1958 — July 2, 1971

Duncan will always be fondly remembered by his Payson Park classmates. He was a quiet but witty boy who respected others ideas and opinions. He excelled in many sports but especially in hockey, baseball, and soccer. Each year the "Duncan Lyons Memorial Trophy" is awarded to an elementary school boy who demonstrates "good sportsmanship, team effort and enthusiasm" while playing the game of hockey.

Yearbook

First row, l. to r.; Copy Editor, Mary Lisa Desrosiers; Art Editor, Lisa Rosales; Editor, Gail Monahan; Associate Editor, Eileen Murphy; Art Editor, Monica Missio; Photo Editor, Bruce Rosenblum. Second row, l. to r.; Copy Editor, Chr Nahabedian; Typing Editor, Diane Tait; Boys' Sports Editor, Paul McCue; Advisor, Mr. Mulford; Senior Art Editor, Maureen Kiley; Associate Editor, Paul Young. Missing from photo: Personal Tabs Editor, Debbie Veo; Girls' Sports Editor, Barbara Cooperstein; Business Editors, Joe Giordano and Lisa Young; Business Advisor, Mr. McCluskey.

Without our advisor, Mr. Roger Mulford, we never would have been able to complete our yearbook. We were fortunate to have a very talented and enthusiastic person to guide us along the way. Mr. Mulford gave more to this year's yearbook than anyone could expect. We would like to use this space to thank Mr. Mulford although we know our thanks are not enough.

We would like to express our sincere gratitude to everyone who helped us during the year. Many people contributed, each in their own special way, to help make the 1977 yearbook possible. Most of all, we would like to thank the Class of '77 who created the memories of which this book is about.
